No. 50CG 5 Inch Midget Slip Joint Ignition Pliers with cushion grip handles. Narrow jaws for close quarter work, three jaw opening adjustment up to 1/2 In.

No. 57CG 5 1/2 Inch Thin Needle Nose Pliers with fine serrated jaws, coil spring and cushion grips. Fine, thin nose, slim profile but with strong jaws for firm gripping and looping of wire.

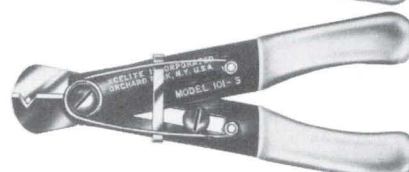

No. 79CG 5 Inch Bent Thin Chain Nose Electronic Pliers with fine serrated jaws, radius edges, spring and cushion grip. 60° angle thin bent nose for handling fine wire in close quarters.

No. 84CG 4 Inch Full Flush Cutting Electronic Diagonal Pliers have thin, tapered jaws and pointed nose with coil spring and cushion grips. For all electronic assembly and service work requiring a full flush cutting plier that snap cuts to the extreme tip.

No. 100 Wire Stripper and Cutter has adjustable screw stop for different wire sizes, cushion grips. Cuts and strips both solid and stranded wire, cleanly and neatly. Hardened and ground blades.

No. 101-S Wire Stripper and Cutter, same as No. 100, except with spring equipped self-opening handles.

No. 103-S Wire Stripper and Cutter with unique cam stop adjustment for different wire sizes. Cam adjustment stays put, won't move even with screw loose. Fine for industrial use.
