☐ 9-inch diagonal green monochrome dual-mode monitor
☐ High-resolution text characters (720×350)
☐ High-resolution graphics (640×200)

Security
☐ Locks in operating and non-operating mode to prevent unauthorized keyboard access
☐ Removable fixed disk drive locks in place

Physical Specifications
☐ 20"W × 8.5"H × 16"D

Power Supply
☐ 150 watts steady state
☐ 200 watts peak load
☐ 110/220V AC, 50/60 Hz (OFFICE ENVIRONMENT)
☐ Voltage Selection Switch

Options
☐ MS-DOS®/BASIC Version 3 reference guides and diskette
☐ 20-Megabyte removable fixed disk drive with protective case
☐ Nylon carrying case

Designed to meet NACSIM 5100 A

LORAL 3100T
COMPAQ
PORTABLE
286™

The LORAL 3100T COMPAQ PORTABLE 286 ^{tm} is an advanced portable personal computer compatible with the high-performance 80286 industry standard and designed to meet the requirements for Tempest equipment. It includes a removable 20M-byte fixed disk drive so that all stored data can be removed to a physically secure location.
